

# INFO ABOUT CAR RENTAL IN PISA

## 2<sup>nd</sup> Coastal Altimetry Workshop

Pisa, 6-7 November 2008

If you plan to travel from **Pisa** to **Nice Ville** by car, there are local and international car rental companies currently operating at Pisa International Airport. The offices and car parking area are located at Car Rentals Terminal which is directly connected to the Airport by a shuttle bus service. The shuttle bus terminus is located just outside the Airport Arrivals area. The car rental companies operating at Pisa Airport offer a fleet of more than 1.000 vehicles including cars, vans, minibuses and campers. Even if you arrive on the last flight, you will always find at least one company expecting you and ready to meet your requirements. Fares are extremely variable and **we recommend booking your car in advance** by phoning at local offices or through international call centers or from the official web site.

Please check also the Airport Web Site (<http://www.pisa-airport.com/sat/cda/aree/index.php?idArea=5&idSection=7>) to see the complete list of car rental companies.
